### **Saffron Valley Collegiate Medical - UPDATE**

Gill LaRocque, the Headteacher of Saffron Valley Collegiate, recently contacted you to let you know that Springboard and Cotelands provisions have now merged to become one provision, with myself as Head of Provision and Nicky Leptos as Assistant Head of Provision.

I wanted to update you that, following consultation, the new name for the provision will now be **Saffron Valley Collegiate East**. This means that any correspondence you have from us after this date will not have 'SVC Medical' written on them, although professionals referring into the school will be aware that we are a Medical Needs site.

Yours sincerely,

**Kate Maidment-Young**

Head of Provision

**Saffron Valley Collegiate includes:**
